Happy All the Time

Television Personalities

"Pa pa pa" said the clown as he fell down
And the audience laughed and cheered
But they never saw the tears"Mummy mummy please look at me" said Rupert with glee
As Rupert climbed a very high tree
He's as happy as he could beAnd I'm just looking for rainbows
In a star filled sky
And I'm just looking for answers and the reasons why
I remember somebody told me
That God loves me and you
But I don't know if they were honestly telling the truthAnd I wish that I was happy all of the time in my mind
If I was happy all of the time in my mind
Happy all of the time
And I wish that I was happy all of the time in my mind
If I was happy all of the time in my mind
Happy all of the timeBut I'm just looking for rainbows
In a star filled sky
And I'm just waiting for the sun to shine
I remember somebody told me
That God is yours and mine
But nobody ever told me that pigs could flyAnd I wish that I was happy all of the time in my mind
If I was happy all of the time in my mind
Happy all of the time
And I wish that I was happy all of the time in my mind
If I was happy all of the time in my mind
Happy all of the timeThis little piggy wants everything But this little piggy wants none This little piggy is a fat little piggy
See the little piggies run
