

Chemical Rush

Brian McFadden

Chess game, I'm the pawn
You're the queen, I'm the throne
Take me out tonight Make your move, pick and choose
Anywhere I'm gonna lose
Give it to me black or white Feel it coming on
Like a pulse in my head
Sending chills right through my bones
Keep coming on strong
An external emotion
I'm waiting to implode You give me a rush
A chemical rush
A chain reaction is taking me
You give me a rush
I can't get enough, of your chemical rush Push the buttons, flick the lights on in my head
A vision's of you and I
You read me like a letter
Oh girl you make me st-stutter
With your magic I'll be hypnotized Feel it coming on
Like a pulse in my head
Sending chills right through my bones
Keep coming on strong
An external emotion
I'm waiting to implode You give me a rush
A chemical rush
A chain reaction is taking me
You give me a rush
I can't get enough, of your chemical rush
Of your chemical rush
Of your chemical rush Chess game, I'm the pawn
You're the queen, I'm the throne
Take me out tonight Make your move, pick and choose
Anywhere I'm gonna lose
Give it to me black or white You give me a rush
A chemical rush
A chain reaction is taking me
You give me a rush
I can't get enough, of your chemical rush
Of your chemical rush
Of your chemical rush

Of your chemical rush
