

Ez Duz It, Do It Ez

Heavy D

Smooth like raindrops, a clock goes tick tock
Nothin' else to do but relax
So I cruise up the avenue, in my new convertible
I see a cutie, my duty is to flirt a little
Get out the car and shake a few hands
Kick some 'sation then expand
to the next territory, got some people waitin' for me
Get to the spot, drop the top, and then we history
Move down to the Apollo, 125th Street
That's where the people of all creeds and colors meet
Push up on a cutie, and let her squeeze me
Easy does it, do it easy

Ca-ca-ca-catch it if you can
'Cause if you don't, you might m-m-m-miss it
The beat is dope, and no note, you can qu-qu-qu-quiz it
The way that I flow, is like an international pro
I'ma let you know, when I go I grow
I flow and blow, to the right tempo
My rhymes are in there, for me it's very simple
I'm the extraordinaire, others they can't compare
to the six foot two half inch light skinned brother with curly hair
An Overweight lovin' machine, the Boyz are my team
My presence is felt, hearts melt like heated ice cream
When I'm through, stand up and clap your hands
But for now, ca-ca-ca-ca-catch it if you can
It's as easy as 1-2-3, A-B-C
And me, I'm the Overweight Lover Heavy D
Push up on a cutie, and let her squeeze me
Easy does it, do it easy

Break it down
Easy does it, do it easy
Easy
Easy does it.. bring it back
Do it easy, easy, easy

I'm laid back, on eight track, and in fact, I'm relaxed
Grab the mic no setbacks

Come on strong like a blizzard, the microphone wizard

Rather exquisite

Sound check, one two one two

Many are called but the chosen are few

And I've been selected, others resurrected

My style, profile, are very well perfected

Move swiftly, stay calm then cool

Lyrics for your spirit that'll make you drool

Push up on a cutie, and let her squeeze me

Easy does it, do it easy
