

Magic (Macy's Theme)

Stimulator

come take my hand
you should know me
i've always been in your mind
you know i will be cared
i'll be guiding you building your dream
as im stuck now
theres no other road to take
yo wont make a mistake
if i'll be guiding you you have to beleive we are magic
nothing can stand in our way
you have to beleive we are magic
dont let your head in the stray
and if all your hopes survive
your destiny will arive
i'll bring all your dreams to life
for you from where i stand
you are home free
with planets around so rare
just promise me air
it'll guide you through every turn
i'll be near you
i'll come anytime you call
i'll catch you when you fall
i'll be guiding you you have to beleive we are magic
nothing can stand in our way
you have to beleive we are magic
dont let your head in the stray
and if all your hopes survive
your destiny will arive
i'll bring all your dreams to life
for you i'll bring all your dreams to life
for you (you have to beleive we are magic x2)
(i'll brign all your dreams to life x2)
(for you x4)
