

# I'm Gonna See You

## that dog.

We'll have lots of bail  
Tons of trail mix  
'cause we're setting out to sail  
Courageously  
You and me. We'll have lots of love  
For both of us  
And none of the above  
The waste activity  
You and me.  
I'm gonna see you in the morning  
I'm gonna see you when you're uptight  
I'm gonna see you when you're boring  
I'm gonna see you every night.  
I'm gonna see you every night.  
We'll having wedding dreams  
And baby seats  
And family gatherings  
Eternally  
You and me. We'll have visits small  
Long-distance calls  
And meetings in bathroom stalls  
And fantasy  
You and me.  
I'm gonna see you in the morning  
I'm gonna see you when you're uptight  
I'm gonna see you when you're boring  
I'm gonna see you every night  
I'm gonna see you every night.  
I'm gonna see you every night
