"simon Says" The Kingpin

Fishbone

Those lights could be shining bright for us and the rest of the boys
We?ll own the root of all evil if we don?t make any noise
If you?re good like all the rest Kingpin shows you all the best
Simon says the Kingpin
Simon says the Kingpin
Yippidy yippidy
Simon says the Kingpin
Keep your eyes, your mind shut and your mouth open wide
You?ll be singing the blues because of them
While the anger builds up inside
Shining your shoes so I can be on top but I just wanna flip you off
'Cause if you let me show expression you?ll be making a confession
You can reap the riches and be on your rocking way
But if you wanna show what?s in your heart
The big shot will put you in your grave
But if you wanna be good like all the rest Kingpin shows you all the best
Simon says the Kingpin
Simon says the Kingpin
Yippidy yippidy
Simon says the Kingpin
Yippidy yippidy
Simon says the Kingpin
Yippidy yippidy
Simon says the Kingpin
