

I'm In Peace

Justin Nozuka

It always occurs to me
How lovely you look today
Just how you smile that way
Makes my heart melt It seemed like just yesterday
When you stole my breath away
You walked into my life, you completed my soul
Oh, when you walked into my life, you completed my soul Now I'm in peace, yeah yeah, I'm in peace
I'm in peace when I'm with you
You set me free, you're, you're all I need
Lift me off my feet, beauty queen Where did you find that soul of yours
Oh, you must have traveled through heaven
And searched through the garden of love I swear there's a light when your eyes touch me
It's like the sun, like the sun reaching down from the sky
Oh, when you touch me with your eyes love
It's like the sun from the sky Now I'm in peace, yeah yeah, I'm in peace
Oh I'm in peace when I'm with you
You set me free, you're, you're all I need
Lift me off my feet beauty queen You're whispering, it's uplifting
Sink into my body while I'm drifting
When you kiss me, really truly kiss me
Connected by our hearts, we are one Now I'm in peace, yeah yeah, I'm in peace
Oh I'm in peace when I'm with you
You set me free, you're, you're all I need
Lift me off my feet, beauty queen I said, "I'm in peace, yeah, I'm in peace"
Oh I'm in peace when I'm with you
You set me free, you're, you're all I need
Darling lift me off my feet, beauty queen
I said, "Lift me off my feet, beauty queen, beauty queen"
