[[[Emigrate]]]

Emigrate

Eagle flies across a flag
Bureaucracy is such a drag
Behold a pale horse tonight
The men in black are out of sightShe comes
He comes
We come
She comesAcross the oceans in my mind
Across the skies I left behind
A land of opportunity
A land to fill my destinyEmigrate
Emigrate
Emigrate
EmigrateI've been alone a long, long time
So what, I take what should be mine
I've searched the sea of empty eyes
And severed all my family tiesA mercenary feeds my soul
A plastic world, no getting old
A monkey wears, the age old crown
The other monkeys getting downShe comes
He comes
We come
She comes
WelcomeEmigrate
Emigrate
Emigrate
EmigrateWalk through fear
Leave you, dear
Never wanted to create a tear
Walk through fear if you dareEmigrate
Emigrate
Emigrate
Emigrate
Emigrate
