## Emigrate

Eagle flies across a flag  
Bureaucracy is such a drag  
Behold a pale horse tonight  
The men in black are out of sightShe comes  
He comes  
We come  
She comesAcross the oceans in my mind  
Across the skies I left behind  
A land of opportunity  
A land to fill my destinyEmigrate  
Emigrate  
Emigrate  
EmigrateI've been alone a long, long time  
So what, I take what should be mine  
I've searched the sea of empty eyes  
And severed all my family tiesA mercenary feeds my soul  
A plastic world, no getting old  
A monkey wears, the age old crown  
The other monkeys getting downShe comes  
He comes  
We come  
She comes  
WelcomeEmigrate  
Emigrate  
Emigrate  
EmigrateWalk through fear  
Leave you, dear  
Never wanted to create a tear  
Walk through fear if you dareEmigrate  
Emigrate  
Emigrate  
Emigrate  
Emigrate
