

Julie, Do You Love Me

Bobby Sherman

Being alone at night makes me sadder.
Yeah it brings me down alright.
Tossin and turnin,
And freezin and burnin,
And cryin all through the night, CHORUS:
Woah, Woah,
Julie, Julie, Julie do you love me?
Julie, Julie, Julie do you care?
Julie, Julie, are you thinking of me?
Julie, Julie, will you still be there? We had so much fun together.
I was sure that you were mine.
But leavin you baby,
Is drivin me crazy.
Its got me wonderin all the time [CHORUS] Honey you cried the day I left you,
Even though we knew I couldnt stay.
But Baby remember,
Ill be back September.
But til then Ill write you every day. [Repeat CHORUS to fadeout]
