Time Goes By

Air Traffic

As time goes by, you break the spell
You tell everyone
But I can't describe this feeling inside
It's bringing me downWe talk all night and into the day
'Til there's no more to say
And when we're all done
You say it's been fun but it's better this wayIt's you that I need, it's you that I need
It's you and I'm sure it's always been
It's you that I need, it's you that I need
It's you and I'm sure it's always beenTime's run out, I'm losing control
I wish there was more
But those wheels won't wait
Like tears on my face, they're rolling awayIt's you that I need, it's you that I need
It's you and I'm sure it's always been
It's you that I need, it's you that I need
It's you, I'm sure it's always beenAll the love that we had
You let it all down
All the love that we had
You let it all downIt's you that I need, it's you that I need
It's you, I'm sure it's always been
It's you that I need, it's you that I need
It's you but I'm sure it's always been
