Summertime

Bon Jovi

Feels something like summertime
Top down, ain't nothing but time
Radio's on and you're by my side
It feels something like summertime
These days, life goes like this
Wake up, check that off of some list
Gotta be a little something more than this
The bottom of my coffee cup
I keep a postcard in the back of my mind
White sand, sunshine
And you're shining like a brand new diamond
It's keeping me from giving up
Thinking like I had enough
You make me feel something like summertime
Top down, ain't nothing but time
Radio's on and you're by my side
Feels something like summertime
Like that first slow dance and the first long kiss
There ain't nothing, baby, better then this
It's like a beach blanket and a bottle of wine
It feels something like summertime
Sum-sum-summertime
I was a warm breeze with a cool tan
Life mapped out on the back of my hand
When, when I was laughing, I was making plans
But I didn't laugh when I found you
There's a heaven, baby, you're the proof
You make me feel something like summertime
Top down, ain't nothing but time
Radio's on and you're by my side
Feels something like summertime
Like that first slow dance and the first long kiss
There ain't nothing, baby, better then this
It's like a beach blanket and a bottle of wine
It feels something like summertime
Sum-sum-summertime
Feels something like summertime
Top down, ain't nothing but time
Radio's on for me and my valentine

It's like that first slow dance and that first long kiss
There ain't nothing, baby, better then this
It's like a beach blanket and a bottle of wine, yeah
Feels something like summertime
Top down, ain't nothing but time
Radio's on and you're by my side
It feels something like summertime
Just like summertime
Sum-sum-summertime
It's something like summertime
