

# Rocks At My Window

**Bridgit Mendler**

First Verse:

Sittin' at home? I turn on the TV

It's all reality

And I don't want to watch stupid people.

Got my phone,

I check the texts between, between you and me

Cause I guess you popped into my head

and It shouldn't be Friday night

Why am I, here home alone when

Chorus:

We can runaway from the weekend

But I'm here alone, wish you'd go throwing rocks at my window.

We could, count the stars from your car hood, but I'm here alone, wish you'd go throwing rocks at my window

ba ba ba ba throwing rocks at my window

Second Verse:

See its been, far too many movies, sinking into me,

so now i wait for my prince charming, but i got, this picture in my head,

of this chapel for our wedding, so i guess i got it bad,

just one step at a time, why am i here home alone when

Chorus:

we can run away for the weekend, but im here alone, wish you?d go throwing rocks at my window.

We could, count the stars from your car hood, but I?m here alone, wish you?d go throwing rocks at my window

Bridge:

T H R O W I N G you?re throwing rocks, you?re throwing rocks, rocks

We can runaway from the weekend

T-H-R-O-W-I-N-G you?re throwing rocks, I wish you where throwing rocks, rocks

T-H-R-O-W-I-N-G you?re throwing rocks, I wish you where throwing rocks, rocks

T-H-R-O-W-I-N-G you?re throwing rocks, I wish you where throwing rocks, rocks

T-H-R-O-W-I-N-G you?re throwing rocks at my window

Final Chorus:

We can runaway from the weekend

But I?m here alone, wish you?d go throwing rocks at my window.

We could, count the stars from your car hood, but I?m here alone, wish you?d go throwing rocks at my window

(You are throwing those rocks at my window, you?re throwing them rocks at my window, I can hear ya, I can  
hear them rocks at my window)

ba ba ba ba ba ba

Throwing rocks at my window

ba ba ba ba ba ba

Throwing rocks at my window
