

# In Love

## Talisco

Oh dear father, I see you  
I've grown alone, without you I hit the ground  
And the rain fell down on me  
I felt the light  
I was down and torn apart Yes I am in love  
Now I wanna be me  
Yes I am in love  
Now I wanna be me  
Yes I am in love  
Too soon to say goodbye  
You make me make moves  
But I stay  
Cause I have a mystic arrow in my hand Yes I am in love  
Now you can take what I have  
Yes I am in love  
Let the light fall over me Yes I am in love  
Now I wanna be me  
Yes I am in love  
Now I wanna be me  
Yes I am in love  
Too soon to say goodbye Oh my father  
Father I love you  
Yes I am in love  
Now I wanna be me  
Yes I am in love  
Too soon to say goodbye
