Turn (Stephen Street Edit)

New Order

It's a hard way to come home
You've got me on my knees
The walls are tumbling down
They're falling like the leavesThe days turned into months and years
I can't forget that you were here
I feel your presence everywhere
In the corner over thereTurn your eyes from me
It's time for me to go
Across the hills and over the sea
I want you more than you knowIt's a wild world out there
And nobody gives a damn
In cold blood we don't care
And we don't want to understandI'm sitting here alone at night
My sleepless eyes are open wide
What do you want me to say
What we had has gone awayThe sky is high the road is long
Show me what I should have done
What do you want me to do
Take it all away from youTurn your eyes from me
It's time for me to go
Across the hills and over the sea
I want you more than you knowTurn your eyes from me
It's time for me to go
Across the hills and over the sea
I want you more than you know
