

Every Note

Mystery Skulls

Advisory - the following lyrics contain explicit language:

Ooh, and you sold me out
Ooh, it's so clear right now
And you don't feel sorry - you say you did nothing wrong
Ooh, and this hurts like crazy
Ooh, and this hurts like hell
And I think I'm done, yeahIt's not that easy
It's not that easy
You're always on my mind and I said every single timeEvery note
Every song
Reminds me that you gave up, baby, ooh
Every note
Every song
Reminds me that you gave up, baby, ooh
(Uhn)Lied right to my face
Oh, you shoulda' seen me baby
Ya woulda' done somethin', wish I'd done somethin', somethin', nothin'
Over again, they try to break me down
Tear me upside down
See you lyin' there,
Baby, baby, babyIt's not that easy
It's not that easy
You're always on my mind and I said every single timeEvery note
Every song
Reminds me that you gave up, baby, ooh
Every note
Every song
Reminds me that you gave up, baby, oohSaid baby, you got it, you know that, I want it
You sold me out
Said baby, you got it, you know that, I want it
You sold me out againEvery note
Every song
Reminds me that you gave up, baby, ooh (x4)
