

# Too Cool

[Stan Barnes](#)

I'm too cool for my dress, these shades don't leave my head  
Everything you say is so irrelevant  
You follow in my lead, you wanna be like me  
But you're just a wannabe, love it or hate it I can't help the way I am  
Hope you don't misunderstand But I'm too cool, too cool  
Yeah, I'm too cool to know you  
Don't take it personal, don't get emotional  
You know it's the truth I'm too cool for you You think your hot but I'm sorry you're not  
Exactly who do you think you are?  
Can't tell you what that you haven't got  
When we walk into the room I'm too cool for you You're lucky I'm so nice, even I'm surprised  
You are still allowed to be in my crew  
I'll show you how it's done if you wanna be someone  
Just watch me and you'll learn some Me, myself and I agree  
You'll never catch up with me 'Cause I'm too cool, too cool  
Yeah, I'm too cool to know you  
Don't take it personal, don't get emotional  
You know it's the truth I'm too cool for you You think your hot but I'm sorry you're not  
Exactly who do you think you are?  
Can't tell you what that you haven't got  
When we walk into the room I'm too cool for you You see some are born with beauty, brains and talent  
And they got it all  
While others have to try all their lives  
Still they never get the call That's the difference between you and me obviously  
I'm a natural, I'm the real deal  
I can't help the way I am  
Hope you don't misunderstand But I'm too cool, too cool  
Yeah, I'm too cool to know you  
Don't take it personal, don't get emotional  
You know it's the truth I'm too cool for you Too cool, too cool  
Yeah, I'm too cool to know you  
Don't take it personal, don't get emotional  
You know it's the truth I'm too cool for you
