

A World of Your Own

Oh No Not Stereo

you can't handle me
you charged me with larceny
it's your easy way
to get what you say you need
look what i can pull
as you'll spend and be critical
and establish your need
you're a cougar in a tree i'm telling you i'm moving on
you're selfish and i'm over the way you are in a world of your own, far from real
it's crazy you verses the crazy world
she taught me everything
about not being anything
and you don't even know
in a world of your own i'm telling you i'm moving on
you're selfish and i'm over the way you are
moving on
