

Feel the Beat

Klatschkind

move on up
move on up
do your thing
do your thing
you wanna freak it, but
tonight it's saturday night
don't know where to funk it
but there's a new thing around
cause the disco opens up in town
so baby, move on up
get up on the dance floor
do your thing, get down tonight
baby don't stop, cause
i can make you fly so high
chorus
can you feel the beat
gonna disco to the top
it's coming your way
so don't go away
can you feel the heat all over town
when we disco to the top now
i caught a glimpse of your eye
and when we're dancin
we get into the right mood
so let's get funky tonight

cause the dj's pumpin'
up the groove
so baby, move on up
get up on the dance floor
do your thing, get down tonight
baby don't stop, cause
i can make you fly so high
chorus x2
we can't stop this
feeling any longer now
feel the beat and get
we can dance the music's
gettin' stronger now

down to the groove babe
let me take you high
move on up
do your thing
do your thing
move on up
chorus x3
cha
