Carolina On the Line

[Sunny Sweeney](#)

Didn't I give you a reason
Why can't you believe it?
This just ain't me leaving for a while
Almost back to Dallas
Thousand miles sure was long enough to talk about us for one night.
Not saying there wasn't something
Saying it meant nothing
I ain't calling backSo before you say I love you
I need to say goodbye
I know you're hanging on
So I'm hanging up before you change my mind
Texas over and out
Carolina still on the lineI don't wanna feel guilty for trying to be happy
Traffic lights are flashing and it's way too late
Didn't we talk about this in Memphis?
By little rocky said you meant it
Here we are again and it's starting to rain
Not saying there wasn't there wasn't something
But you can't say nothing
I ain't coming backSo before you say I love you
I need to say goodbye
I know you're hanging on
So I'm hanging up before you change my mind
Texas over and out
Carolina still on the line
