Crazy

Five Star

Let me tell you 'bout my baby
And the strange effect he has on me
You see the way I'm actin' lately
I can only plead insanity
I can't concentrate when I think about him
I go off into a fantasyI'm crazy 'bout him
My one and only pride and joy
I'm crazy 'bout him
Crazy 'bout that boyI get a funny feelin'
Every time that he gets next to me
No, I don't need my head examined
It's my heart that's got the injury
You say it's not too late
To come to my senses
I don't mind what they may think of meI'm crazy 'bout him
My one and only pride and joy
He makes me happy
I'm crazy 'bout that boyAnd when we're walking down the street
Every single soul we greet
Stops and shakes their head as we go by
They can see we're both out of our minds
But that's no news to me
They're absolutely rightI'm crazy 'bout him
My one and only pride and joy
He makes me happy
He makes me so happy
I'm crazy 'bout that boy
I'm crazyCrazy love, crazy love
Crazy love for you
Crazy love, crazy love
Crazy love for youCrazy love, crazy love
Crazy love for you
Crazy love, crazy love
Crazy love for youI'm crazy 'bout him
(Boy, you drive me crazy)
My one and only pride and joy
He makes me happy
(I'm gonna tell my mama)
Oh, I'm crazy 'bout that boy

I'm crazy 'bout him
My one and only pride and joy
He makes me happy
I'm crazy 'bout that boy
I'm crazy 'bout him...
