

Slowly

Tank

(Verse 1) Set the mood
Light the candles
And bring the wine
I'm wantin' you
Been havin' this feelin'
For sometime now
Come on in
Take off your coat
And stay a while
I been waiting for this day
Just so we could make love slow Chorus:
Slowly (I know)
We'll be (Making Love)
Slowly (All Night Long)
Slowly (I know)
We'll be (Making Love)
Slowly (All Night Long) (Verse 2) Slip it off yea
Show big daddy what he's been missing
Tip it off (tip it off)
Want you to feel right
When I'm kissing (when I'm kissing)
Really wanna take my time
With you pretty baby
If you don't mind
Love you all night long (Chorus 2x's) (verse 3) Come on in
Close the door
Take off your clothes
Drink some more
Holding you close
Holding you tight
Makin' love through the night
Come on in
Close the door
Take off your clothes
Drink some more
Holding you close
Holding you tight
Making love through the night Chorus (until it fades out)
