

# Smasher / Devourer

## Fear Factory

Fear me not but fear my hell  
Man made me so I could kill  
Praise me in the name of war  
I destroy both rich and poor  
Praise me in the name of war  
I destroy both rich and poor I am the way  
Prepare for salvation  
I am the way  
Prepare for salvation Strength in time of suffering  
Man alone is a weakling  
Ascension is what you ask  
I will be the fall of man  
Ascension is what you ask  
I will be the fall of man I am the way  
Prepare for salvation  
I am the way  
Prepare for salvation I am the way  
Prepare for salvation  
I am the way  
Prepare for salvation Salvation  
Salvation  
Salvation  
Salvation Those of you who dare to stray  
I will tear your mind away  
Those of you who dare to stray  
I will take your life away Salvation  
Salvation  
Salvation  
Salvation I am the way  
Prepare for salvation  
I am the way  
Prepare for salvation I am the way  
Prepare for salvation  
I am the way  
Prepare for salvation I am the way  
Prepare for salvation  
I am the way  
Prepare for salvation I am the way  
Prepare for salvation

I am the way  
Prepare for salvation Salvation  
Salvation  
Salvation  
Salvation Salvation  
Salvation  
Salvation  
Salvation
