

# More Than a Girl

Lyfe Jennings

Oh, Lord thank You, thank you baby  
Oh, that's what I'm talking 'bout  
Lovely as summertime always been a friend of mine  
Slicker than banana peels  
Cooler than a three pair of high heels  
You'll always be the highlight of my life, yeah  
Loved you like I loved my fellas on the block  
More valuable than Coca-Cola stock, oh  
If I had my way, this love will never stop  
You're the only thing that matters  
Oh since I lost my pops, girl you are  
More than a girl, more than a friend  
Someone I can depend on 'til the end  
Most folks talk about me 'cause they don't see what we've seen  
It's the difference between hating and loving me  
Wonderful like a newborn baby's smile  
Amazing like being baptized in the Nile  
Put me in and press rewind do that to me one more time  
You will always be the highlight of my life  
More alive than Biggie and Pac  
Stronger than a pair of granddaddy's old socks  
If I had my way, this love will never stop  
Don't ever worry about me leaving  
'Cause I'm satisfied with what I've got, oh  
More than a girl, more than a friend  
Someone I can depend on 'til the end  
Most folks talk about me 'cause they don't see what we've seen  
It's the difference between hating and loving me  
More than a girl, more than a girl, more than a girl you are my  
friend  
Do that again, do that again, do that again girl don't stop yet  
Just wanna touch you, to thank you, to love you for what you've given  
You will always be my girl and I will always be your man, yeah  
More than a girl, more than a friend  
Someone I can depend on 'til the end  
Most folks talk about me 'cause they don't see what we've seen  
It's the difference between hating and loving me  
More than a girl, more than a friend  
Someone I can depend on 'til the end  
Most folks talk about me 'cause they don't see what we've seen  
It's the difference between hating and loving me
