Money Back Guarantee

Pigeon John

It all seemed so easy in daydreams
Past the playground
And schoolyard rules
When nothing's yours it's simple
To plan your escape
From all of those foolsAnd suddenly you get your way
And you're kicking yourself
'Cause you couldn't figure out how to stayIf wishes were money
I'd still lose more than I keep
And that might just be me
But consequence would be interest
And it would be steep
And nothing is freeIt's a small cost to dream
But there's no refund for nightmares
It would seemCareful what you've bought
And don't you look to no warranties
You own what you wrought
Ain't no money back guaranteeWell, I guess life ain't fair
But I know life don't care
And there's no one to blame
From on high to the lowly
Either you're loved or you're lonely
It's the one and only gameCareful what you've bought
And don't you look to no warranties
You own what you wrought
Ain't no money back guaranteesOr reprieves, so please
I'm down on my knees, believe me
Don't you try to deny
Any lie you might buy is deceiving
Ain't no leaving for freeSo you've got all your ducks in a row
Have you figured out what you owe?
Until you settle your bill
It won't let you goCareful what you've bought
And don't you look to no warranties
You own what you wrought
Ain't no money back, money back guarantee
