

# Stream It (feat. Mista Silva)

## Sway

Got to have it, need to have it  
Now we have it, yeah let's have it Stream it, Shazam it, download it till we have it  
Stream it, Shazam it, download it till we have it  
Stream it, Shazam it, download it till we have it  
Got to have it, need to have it, download it (Super Swah) Hello, forgot about me?  
The monster's back and he's chomping down beats  
I'm like the best friend that forgot an ID  
If anybody's going in, it's not without me  
Dropping these hits since '06  
Time flies by, it's been so quick  
I was reckless, I had no kid, no ring  
Now I'm a fully grown man but I still ain't no  
Listen everybody, brother Derek's 'bout to kill it this year  
Signed KSI, found Tiggs, so yeah  
If it goes to plan, I could just chill in this chair  
And I'm finally giving you the deliverance here  
(Stream it, Shazam it, download it till we have it)  
All the streaming's got the industry up in a panic  
I ain't even a little bit scared, I went in, Spotify  
Upgraded my account, thanks Bryan, what a guy  
The market says albums ain't gonna fly  
But if I ain't gonna try, what am I?  
And I'm not gonna lie, I've got a target  
Whatever goes down, I'mma sign another artist  
Be the next Iovine, be the next Iley  
Be the next Russell, be the next Darcus, everybody sing  
Last night I had a tune up in my head  
Played it so much that I just couldn't get to bed  
Don't know who sing it, just remember what it said  
Got to have it, need to have it, now we have it, yeah let's have it Stream it, Shazam it, download it till we have it  
Stream it, Shazam it, download it till we have it  
Stream it, Shazam it, download it till we have it  
Got to have it, need to have it, download it (Super Swah) Hold on, you got two secs?  
Are we all agreed that you love music?  
Technology and time's moved on too quick  
The way you humans consume it is cute, but  
If you want to get new shit, we need to move some units  
Cause right now if you're only streaming it  
After a million plays, I've only got two pence

That's kinda harsh, they say artists only get once shot  
Not when you've got a silencer  
That's why they find it hard to compute it  
Over a decade and I'm still a nuisance, Swah  
(Stream it, Shazam it, download it till we have it)  
All the streaming's got the industry up in a panic  
I'll show you the difference between a popstar and a lyricist  
They feel it even when I'm talking gibberish  
Are you listening? Yeah. What did I say then?  
I don't know but you're killing it  
I spoke to Johnny, I spoke to Kim again  
And both Boatengs are telling me to go in again  
I hollered at Turkish, said it's ready to be mixed  
Let's set the levels, time for the deliverance, now everybody sing  
Last night I had a tune up in my head  
Played it so much that I just couldn't get to bed  
Don't know who sing it, just remember what it said  
Got to have it, need to have it, now we have it, yeah let's have it  
Stream it, Shazam it, download it till we have it  
Stream it, Shazam it, download it till we have it  
Got to have it, need to have it, download it (Super Swah)
