In Our Time

John Lowrey

On the day we made the snow fly there was mischief in your eyes
So we went off in the blizzard while the world stayed warm inside
A crooked cap upon your head
A scarf wrapped 'round your face
Did your laughing eyes see mine delight at watching you at play

In our time remembered
When the world was ours to mould
In our time remembered
Or have we grown so old
We went off in our blizzards
But we never felt the cold
Have I made you up?
Were we in love?
Was it so long ago?

And we wandered through white canyons
Where the city fought and died
And you sang and you were lovely
With your arms stretched to the sky
The bright form and the chaos
Dancing in the snow
Then you ran to me
And held me close
My God, I loved you so

In our time remembered
When the world was ours to mould
In our time remembered
Or have we grown so old
We went off in our blizzards
But we never felt the cold
Have I made you up ?
Were we in love?
Was it so long ago?

(Instrumental)

Tonight the wind is frightful
My back's turned to the cold

They say a storm is coming
We're gonna get more snow
These winters last forever
I guess I'm getting old
Have I made you up?
Were we in love?
Was it so long ago?

In our time remembered
When the world was ours to mould
In our time remembered
Or have we grown so old
We went off in our blizzards
But we never felt the cold
Have I made you up ?
Were we in love?
Was it so long ago?

Have I made you up ?
Were we in love?
Was it so long ago?
