

Close to You

Dionne Warwick

Why do birds suddenly appear
Every time you are near?
Just like me, they long to be close to you
Why do stars fall down from the sky
Every time you walk by?
Just like me, they long to be close to you
On the day that you were born, the angels got together
And decided to create a dream come true
So they sprinkled moon dust in your hair
And gold and starlight in your eyes of blue
So that is why all the guys in town
Follow you all around
Just like me, they long to be close to you
That is why all the guys in town
Follow you all around
Just like me, they long to be close to you
On the day that you were born, the angels got together
And decided to create a dream come true
They sprinkled moon dust in your hair and gold
And starlight in your eyes of blue
And that is why all the guys in town
Follow you all around
And just like me, they long to be close to you
Just like me, they long to be close to you
