

Ready to Roll

Joanne Shaw Taylor

Take me where you want to
Give me what I need
Say what I wanna hear
If you really wanna get to me I've been waiting for somebody
To move me like you do
It's been such a long time
Since I've seen anything close to you
Are you listening
do you hear me
Are you ready
I've been around long enough to know
you gotta let it show you're ready to roll
music
I feel you're heartbeat
pounding from across room
this distance between us
is getting to me like getting to you
Are you listening
do you hear me
Are you ready
I've been around long enough to know
you gotta let it show you're ready to roll
music
Are you listening
do you hear me
Are you ready
I've been around long enough to know
you gotta let it show you're ready to roll
I've been around long enough to know
you gotta let it show you're ready to roll
