

# Green Grass

## Scarlett Johansson

[Chorus]

Lay your head

Where my heart used to be

Hold the earth above me

Lay down in the green grass

Remember when you loved me Come closer don't be shy

Stand beneath a rainy sky

The moon is over the rise

Think of me as a train goes by Clear the thistles

And brambles

Whistle ' Didn't He Ramble'

Now there's a bubble of me

And it's floating in thee Stand in the shade of me

Things are now made of me

The weather vane will say

It smells like rain today God took the stars

And he tossed 'em

Can't tell the birds

From the blossoms

You'll never be free of me

He'll make a tree from me Don't say good bye to me

Describe the sky to me

And if the sky falls

Mark my words

We'll catch mocking birds [Chorus]
