# The Story Never Ends

## Lauv

Stick, stick to your stones cause that's all you know
I was caught in the middle
I swallow my words down to the bone
Cause nothing's that simpleLate at night you pour it out
Know that only brings you downBut go ahead give me all the blame
Yeah, twist my words and set them to flame, woah
We all know
That you'll go tell all of your friends
That I'm the one you wish you never met
And woah
We all know
The story never ends, ends
The story never ends, endsWound me like a toy spinning too fast
In every direction
How, how could I stay when you lit a match to all my intentions?Late at night you pour it out
Know that only brings you downBut go ahead give me all the blame
Yeah, twist my words and set them to flame, woah
We all know
That you'll go tell all of your friends
That I'm the one you wish you never met
And woah
We all knowThe story never ends, ends
The story never ends, ends
That's who you are
Crash the car
And blame the road
Never your fault
After all
I would know
The story never ends
The story never ends, ends
The story never ends, ends
