I'll Haunt You

Seth Lakeman

I'll Haunt YouOn board ship the rumours ride
No one meets my eye
I've thrown your ring out on the tide
I pray my curses flyTo haunt you
Haunt your bed
Tap the windows you'll wake in dread
I pray that you'll love me instead
I'll haunt you, I'll haunt your bedI've walked alone upon this deck
A thousand times or more
Half a year from my return
These cries fly back to shoreYou promised me our love was strong
You said that you'd be true
Go tell yourself I'm long gone
'Cause here's what I will doI'll haunt you
Haunt your bed
Tap the windows, wake in dread
I pray that you'll love me instead
I'll haunt you, I'll haunt your bed
I'll haunt you
Sleep in fear
Whisper secrets in your ear
A world away but I'll be near
I'll haunt you hereFear me
Whenever you're sleeping
I will be watching over you("Fear me..." repeats)A year at sea since your letter came
To shatter all my plans
You set me free, changed your name
I stretch out these cold handsto haunt you, haunt your bed
tap the windows, wake in dread
I prayed that you'd love me instead
I'll haunt you, I'll haunt your bed
and I'll haunt you
Sleep in fear
Whisper secrets in your ear
A world away but I'll be near
I'll haunt you hereI'll haunt you, haunt your bed
Tap the windows, wake in dread
I prayed that you'd love me instead
I'll haunt you, I'll haunt your bed

I'll haunt you("Fear me.." repeats)
