

# Monsters In the Parasol

## Queens of the Stone Age

The walls are closing in again, oh well  
The walls are closing in again, oh well  
I seen some things I thought I never saw  
Covered in hairPaul's dad is warped and bubbling, oh well  
Paul's dad is warped and bubbling, oh well  
And my mind is out here on another wave  
Covered in hairShe won't grow, she won't grow  
She won't grow, she won't grow  
She won't grow, she won't grow, she won't growYou've got a monster  
(Distress)  
In your parasol  
(Why yes)You've got a monster  
(Divorce)  
In your parasol  
(Of course)You've got a monster  
(Displeasure)  
In your parasol  
(My treasure)You've got a monster  
(Your pain)  
In your parasol  
(Drives me insane)Paul's sister is an alien, oh well  
Paul's sister is an alien, oh well  
I seen some things I thought I never saw  
Covered in hairShe won't grow, she won't grow  
She won't grow, she won't grow  
She won't grow, she won't grow, she won't growYou've got a monster  
(Distress)  
In your parasol  
(Why yes)You've got a monster  
(Divorce)  
In your parasol  
(Of course)You've got a monster  
(Displeasure)  
In your parasol  
(My treasure)You've got a hole in you I never saw  
(Your pain)  
In your parasol  
(Drives me insane)  
In your parasol, in your parasol, in your parasol
