Girls Just Gotta Have Fun

Sophia Grace

Yo, my name is Sophia grace
And if you're listening to the radio right now
Get your tutus onGirls just gotta have (x3) fun, fun
Girls just gotta have funVerse 1:
Hey girls, we gotta go, green light
Want to get to the mall, they got them jeans I like And I see some cute kicks I wanna wear tonight
I got my glam on chick, oh yeah
EO, EO, EO Back up to the crib we go
We so stupid fresh, it's something like a fashion show
We're going off like a bomb, everybody knows it's on, somebody ring the alarm, yeahDoesn't matter where we're gonna be at
'Cause the party's gonna follow me yeah
So mister DJ, let the music play
We're gonna have a good ti-i-ime
Chorus:
Girls just gotta have (x3) fun, fun
Girls just gotta have fun
Girls just gotta have (x3) fun, fun
Everywhere we go you already know that girls just gotta have funVerse 2:
Hey yo, It's time to get loud over here
Hope you're breaking that cause girl, Sophia's here Hands in the air, playing what you wanna hear
Time to rock real hard, oh yeah
Oh boy, oh boy, I'm dancing with my girls
Please don't get your feelings hurt 'cause you might get your turn
We don't care, just don't win us, tonight we don't care, we're gonna do it upDoesn't matter where we're gonna be at
'Cause the party's gonna follow me yeah
So mister DJ, let the music play
We're gonna have a good ti-i-ime
Chorus:
Girls just gotta have (x3) fun, fun
Girls just gotta have fun
Girls just gotta have (x3) fun, fun
Everywhere we go you already know that girls just gotta have funBridge:
I-I-I'm, I'm having a party, yo you're all invited
Put your pink tutus on, it's so exciting
It's the princess swagger, moves like jagger
Haters gonna hate and they're gonna chit-chit chatter
I'm Sophia Grace, I got that super bass

And I've been flying in a rocket in and out of space Nicki is my princess, and Ellen is my queen
Put them all together, that's the Hollywood dream
I'm sipping on the milk shake, Strawberries and cream
Rosie got my back and that's my princess team We're flying to the top, we're never gonna stop
The sky is the limit, and this princess rocks wooChorus:
Girls just gotta have (x3) fun, fun
Girls just gotta have fun
Girls just gotta have (x3) fun, fun
Everywhere we go you already know that girls just gotta have fun
