Powder Blue

meg flather

Powder blue, powder blue
What can you do? She's powder blue
Powder blue, powder blue
What can you do? She's powder blue
I'll be true, my powder blue
(Powder blue)
It's all for you, it's all for you
And you know it
Powder blue, powder blue
The seventh sun of Orion with me too
Oh powder blue, how do you do?
Come walk with me now, powder blue
Powder blue, powder blue
(Powder blue)
It's all for you, it's all for you

And you can feel that
Powder blue, oh powder blue
I've got this feeling, powder blue
Oh powder blue, powder blue
It's in my head for you
I'll be true, my powder blue
(Powder blue)
It's all for you, it's all for you
