Good Run

Trent Tomlinson

It was perfect timin'
Both of us findin' what we needed
Blind love was drivin'
An' we both went divin' off the deep end

But girl, now, lookin' back
Went way too far, just a little too fast
An' that sure was fun
Oh but now it's done

They say all good things must end an' we did
But baby, we sure had a real good time
It was like a never endin' weekend
That we spent hopin' to find our place in the sun
Yeah, we sure had a good run

It was almost magic
Girl, we almost had it all, didn't we?
It is what it was
An' nothin' less, just 'cause it couldn't be

Had the love of a lifetime in no time at all
Fell in in the winter, fell out in the fall
Oh but that's okay, girl, it was great

They say all good things must end an' we did
But baby, we sure had a real good time
It was like a never endin' weekend
That we spent hopin' to find our place in the sun
Yeah, we sure had a good run

That was a good run
Sure was a good run
That was a good run, oh
