

# Good Run

Trent Tomlinson

It was perfect timin'  
Both of us findin' what we needed  
Blind love was drivin'  
An' we both went divin' off the deep end

But girl, now, lookin' back  
Went way too far, just a little too fast  
An' that sure was fun  
Oh but now it's done

They say all good things must end an' we did  
But baby, we sure had a real good time  
It was like a never endin' weekend  
That we spent hopin' to find our place in the sun  
Yeah, we sure had a good run

It was almost magic  
Girl, we almost had it all, didn't we?  
It is what it was  
An' nothin' less, just 'cause it couldn't be

Had the love of a lifetime in no time at all  
Fell in in the winter, fell out in the fall  
Oh but that's okay, girl, it was great

They say all good things must end an' we did  
But baby, we sure had a real good time  
It was like a never endin' weekend  
That we spent hopin' to find our place in the sun  
Yeah, we sure had a good run

That was a good run  
Sure was a good run  
That was a good run, oh
