Swinging Doors

Redemption's Story

Don't need swinging doors, jukebox or any barstools
I don't need no longneck lonestar to get me by
I don't need your happy hours because all my hours are happy
Since I let Jesus have complete control of my whole life

Oh now if I have a habit, oh it's gonna be Jesus
And if I have a hangup, I'm gonna hang onto Him
And if I want to get high, I'll just pray in the Spirit
Cause He takes me to heights that I've never ever been and He never lets me down

And God don't care how good you can two-step with all the ladies
And all the cold beer that you think you can drink to wash your sins away
My friend the night life is not the good life no, that you've wasted your whole life seekin
But my friend, Jesus, let me tell you Jesus He's the only way

Oh if I have a habit, friend it's gonna be Jesus
And if I have a hangup, I'm gonna hang onto Him
And if I want to get high, I'll just pray in the Spirit
Cause He takes me to heights that I've never ever been and He never lets me down

Cause He takes me to heights I've never ever been and He never lets me down
