

Grand Finale (Pump It Up Edit) [feat. Fiora]

Arty

Although we kept between us whispers in the dark
Wrap around to the other, I'll keep you close at heart

As the pages turn

If I fail, stumble and fall, down to the ground
Will you turn this world around?Take me away

Sweep it away

Take me away

Sweep it away

Take me awayTake me away

Sweep it away

Take me away

Sweep it away
