

# Change Da Game

## Dj Quik

Wow, for real though  
We need something just a little bit different  
Ya know, it's a whole lot goin' on right now  
But y'all can calm down though, y'all can  
'Cause we 'bout to change da game  
Can you feel that?  
If you really wanna change da game let me hear ya say, "Ohh yeah"  
I just had to do that once  
Ay, T P T style  
Jumpin' up outta the Burb', park mode  
And 18 inches from the curb  
While I'm smellin' them stanky stench from the herb  
Red-eyed flight, and I'm lookin' for my red-eyed homie  
Black Tone, 'cause I said I might  
Just hafta pass through, and let 'em hear some shit that's pretty fat  
From Spade Ty to King Tee, this is where it's at  
Nigga, makin' million dollar deals at a checker table  
And my nephews gonna be the youngest niggas with a record label  
I'm the only nigga that promised to show up  
With more talent than any nigga and I didn't wanna blow up  
I shine like glitter 'cause I'm natural  
If on the first night I hit, then that's a hoe  
And I gotta stay away  
You can never by mine your nigga he got you on layaway  
Bitch, we 'bout to change da game  
Ha ha, feel me, as we change da game  
(Change da game)  
One time, let me, just change da game  
(Change da game)  
It ain't about ya money nigga change da game  
(Change da game)  
It ain't about ya nigga hoe change da game  
(Change da game)  
C'mon, well uh, we need to change da game  
(Change da game)  
Keep it real nigga, change da game  
(Change da game)  
Ya gotta do it nigga, change da game  
(Change da game)

Uh, check it out  
(Change da game)  
Can I get a Rum and Coke?  
'Cause the Keith smoke made a nigga hum and choke  
Blazed and dazed  
Now put me on the stage and I'll change da game in major ways  
Gettin' wild like a buckin' horse  
With enough momentum to change the whole muthafuckin' course  
All I need nigga, is a crew and a point  
And I'll make a statement only on a brew and a joint  
No joke, 'cause growin' up dirty, hungry and broke  
Don't mean I gotta be dirty, hungry and broke  
Dude I made a way out a no way, and y'all can too  
'Cause it's a whole lotta legal shit that y'all can do  
And fuck the media, keep on steppin', yeah I said it  
Where your pass at? Who you know here? Where you headed?  
Only show us when we doin' bad  
When we in the mud I brake that muthafuckin' camera  
Now fuck them niggas  
We 'bout to change da game  
Hell yeah, let 'em know we finna change da game  
(Change da game)  
Pardon me for bein' mad but I'm changin' da game  
(Change da game)  
Yeah, and that's the real shit, changin' da game  
(Change da game)  
I'm tired of the stressin', nigga changin' da game  
(Change da game)  
Can't touch it, learn a lesson nigga, change da game  
(Change da game)  
Stop fuckin' up the music nigga, change da game  
(Change da game)  
Don't play with it nigga use it, change da game  
(Change da game)  
Mausberg, my nigga help me change da game  
(Change da game)  
Sheppard Lane, [Incomprehensible], dog we the realest  
Hit the game wit a twist, now they label us the illest  
More advanced than that wack nigga punchin' a Lex  
After balance and option, I'ma show ya who's next  
Ain't no room in the court for cowards who can't ride  
Ate up the dick, left the balls on the side  
'Bout to take a trip to Neptune, everybody wanna roll  
If you ain't loyal to the camp, nigga hell no  
We about to change da game in many ways

Dollar signs, attitudes, dog in a real way  
Condos to sky scrapers with my name on it  
Desk, big C E O, rider from the Black Tek  
If it wasn't for Dave, lookin' out  
Your nigga Johnny, be on the corner lookin' burnt out  
That's what it pays to appreciate thangs  
Put a nigga in position to change da whole game  
What, I'ma  
(Change da game)  
Betcha' money I'ma  
(Change da game)  
Yeah nigga, I'ma  
(Change da game)  
Me and Quik about to do it nigga  
(Change da game)  
Realism with the fluid nigga  
(Change da game)  
Come on, you niggas feel it nigga  
(Change da game)  
'Cause we gon' take it to the limit nigga  
(Change da game)  
Y'all niggas 'bout to feel it nigga  
(Change da game)  
'Cause we gon' take it to the limit nigga  
(Change da game)  
Y'all niggas 'bout to feel it nigga  
(Change da game)  
'Cause we gon' take it to the limit nigga  
(Change da game)  
Y'all niggas 'bout to feel it nigga  
(Change da game)  
'Cause we gon' take it to the limit nigga  
(Change da game)  
'Cause y'all niggas 'bout to feel it nigga  
(Change da game)  
'Cause we gon' take it to the limit  
(Change da game)  
'Cause y'all niggas 'bout to feel it nigga  
(Change da game)  
'Cause we gon' take it to the limit
