

# Jumped out the Whip

Tedashii

Gawvi get em  
Aye yai yai yai  
Aye yai yai yai Jumped out the whip on em  
You know how I get homie  
I'm too strong for these new brothers  
Too smooth for them rough cutters Oh  
I'm trying being me my whole life  
But I get caught up with that old life  
You know how the thinking go  
But Ima bout to get it on tonight  
Hold tight hold tight whole squad with me  
You seeing them, you seeing me it's the same difference  
Unashamed, unashamed though we ain't changed  
Your boy might be a little different  
Go hard like contrary, oh Lord  
When you tell me I be in these streets yeah  
Get it popping quick quick quick  
That's the feeling jumping out the whip  
Jumped out the whip  
Now we ain't got no problems  
'Bout to get lit  
Ain't Nuthin that gon' stop us  
They can feel it but they all in they feelings  
They can get it tell em all better get it  
They can feel it and it's all alright  
They can get it get it yeah, yeah, yeah  
Aye yai yai yai  
Jumped out the whip

I'm being me I'm the one and only  
Stepping out so clean, ain't a stain on me  
Oooh it's going down, and now they know  
Swinging hard like I'm Andre Ward

Making swords tell em press record  
Oh I ain't playing around  
Yeah they giving up but I'm staying now  
Yeah they right man I'm getting to it  
Why we living and flipping in it  
This is why we do it  
Momma, momma man it's so good  
Man I'm jumping out the whip to prove it  
Shine on em, yah man we shine on em  
Every time, wasting time, ain't got time for it  
My whip clean, my whip clean  
I ain't riding dirty man I'm pristine jumping out the whipJumped out the whip  
Now we ain't got no problems  
Articulate  
Ain't Nuthin that goin stop us  
They can feel it but they all in they feelings
