

Solidarity

Rancid

Solidarity love and unity
Set me free with a bullet and a gun You said it was nothing
I knew it was something
It was no surprisin' I saw you cryin' About you
Said what went wrong
About you
Said you can't go on
About you
Said it's a long time gone
About you
Said your life's too long Solidarity love and unity
Set me free with a bullet and a gun Didn't see it coming
Your fears went hunting
9 millimeter
Stops you running About you
Now you're long time gone
About you
So what went wrong Solidarity love and unity
Set me free with a bullet and a gun
