Power Violence

Kuza

What we do in this life will last forever.
We take our chances and we take our risks.
We will own up to what we believe in,
But we don't give a fuck.Make your own path,
And fuck what they think.
No matter how we dress,
It's all the same thing.x2
We are all flesh and we are all blood,
In this corrupted world that doesn't give a fuck.x2
(Oh)
This is who we are,
This is what we know,
We're never gunna stop so.
(Oh)
This is who I am,
This is what I know,
Cause I'm a mother fucking freak show.You're the fuel to the fire,
So get off your high horse.
Get down to the ground,
You're not hurting us so open your mind.x2
We are all flesh and we are all blood,
In this corrupted world that doesn't give a fuck.x2
(Oh)
This is who we are,
This is what we know,
We're never gunna stop so.
(Oh)
This is who I am,
This is what I know,
Cause I'm a mother fucking freak show.x2
A closed mind is a weak shield.
Just when they think they've got you figured out,
That's when you show your demons,
And tear them apart.x2
(Oh)
This is who we are,
This is what we know,
We're never gunna stop so.
(Oh)

This is who I am,
This is what I know,
Cause I'm a mother fucking freak show.
