

figures a and b [means you and me]

Hellogoodbye

Present for a presentation presented presently
There's no I in team, no me in us, no you in we
I'll write down letters inside letters, but I can't let her see
Pass 'em forward with a foreword, but they won't mean a thing
Treasure torn out paper from the corner of a page
Measure worn out epigrams for signs of change with age
Figure out that figuratives mark figure A and be
Images I imagined with pretty imagery means you and me
(You and me) We could be made for this
(Just wait and see) Well, we might be made for this
(You and me) We could be made for this
Wait and see, oh, just wait and see
It's so far away, but I've planned a date
And that's at least a start to get inside your heart
It might be you and me, oh, we could be a team
It might be you and me, oh, just wait and see
You and me, we could be made for this
Wait and see, we might be made for this
You and me, we could be made for this
Wait and see, oh, just wait and see
(You and me) We could be made for this
(Wait and see) Well, we might be made for this
(You and me) We could be made for this
Wait and see, oh, just wait and see
You and me
You and me
Oh, wait and see, wait and see
