Crash (feat. Pell)

Skizzy Mars

Dive in the water's fine
Swim good enjoy the tide
Get lost and feel alive
Don't speak I know you're mineJust ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Just ride the wave till it crash
Ride the wave till it crashDinner at The Mark, her eyes were light blue
The food was pretty good and the weather was nice too
I held her hand, she was cautious but she gripped it tighter
I don't smoke cigarettes but I gave her a lighter
Cartier bracelet, inhale, exhale
Tryna figure out if I belong in her world
But she likes me, I think she likes me
And every time she calls me up it excites me
At Oak now only table she don't like the bar
I been a couple times she's a fuckin' star
Open the rope tell Eddie it's the two of us
I been so wild in the spot we always do it up
Damn, attractin' this attention
Sparklers and bottles and the sexual tension
Not to mention, I'm still focused on you
My apartment's kind of small, plenty room for two
Come throughDive in the water's fine
Swim good enjoy the tide
Get lost and feel alive
Don't speak I know you're mineJust ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Just ride the wave till it crash
Ride the wave till it crashIn Provoc' feelin' out of place
And now we hit Gilded then we hit Space
She ordered more bottles runnin' out of space
Only drink a couple rest gettin' sprayed
What's the real meaning?

Go out late night and we wake up in the evening
Only fall in love with the drugs and the drinking
Then we sober up and we fight when we thinking
Goin' off the deep end conversations start to deepen
Had the puzzle fit, now it's all in separate pieces
And now it's gettin' out there, shit is not a secret
And she'll pack her bags and shit but she never leavingDive in the water's fine
Swim good enjoy the tide
Get lost and feel alive
Don't speak I know you're mineJust ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Ride the wave till it crash
Just ride the wave till it crash
Ride the wave till it crash
