

# Liquid Lunch (Acoustic Version)

## Caro Emerald

Baby, pass the aspirin, something's gotta work  
I know I did it to myself but man oh man it hurts  
That second last Martini, the one that went down real smooth  
Set me on the bender with nothing left to lose I just can't apologize  
For what I did to myself  
My bed's an ocean liner  
And I can't call for help Yea baby, it hurts a bunch  
The girls got going and we had a munch  
I promise on a dime, it's the last time  
I'll never have a liquid lunch Yea baby, it hurts a bunch  
The girls got going and we had a munch  
I promise on a dime, it's the last time  
I'll never have a liquid lunch I think I've got the symptoms and none of them will leave  
They think that it's a party to laugh at all my grief  
It must've been a doozy, I had two hundred dreams  
At least I found my pillow 'cause I can't find my keys It's hard to remember  
All of the events  
But I must've paid the tab  
'Cause all that's left is fifty cents Yea baby, it hurts a bunch  
The girls got going and we had a munch  
I promise on a dime it's the last time  
I'll never have a liquid lunch Yea baby, it hurts a bunch  
The girls got going and we had a munch  
I promise on a dime it's the last time  
I'll never have a liquid lunch Maybe, I can call the pharmacy  
They'll bring something up, something up 'toute suite'  
Some exotic medicine to cure my every ill  
With some kind of magic pill I just can't apologize  
For what I did to myself  
My bed's an ocean liner  
And I can't call for help Yea baby, it hurts a bunch  
The girls got going and we had a munch  
I promise on a dime, it's the last time  
I'll never have a liquid lunch Yea baby, it hurts a bunch  
The girls got going and we had a munch  
I promise on a dime, it's the last time  
I'll never have a liquid lunch Yea baby, it hurts a bunch  
The girls got going and we had a munch  
I promise on a dime, it's the last time

I'll never have a liquid lunch  
Yea baby, it hurts a bunch  
The girls got going and we had a munch  
I promise on a dime, it's the last time  
I'll ever have a liquid lunch
