

Blackout (Paul Hetherington Remix)

Ro Danishei

Stop, I am fallin off the edge
Don't come closer
Keep your hands above your head
Or I'll pull the trigger
Don't you take another step
Or you'll regret it
In a minute you'll be dead
And I'll forget it You reached for the door
I said no don't go
You talk real slow
But I can't hear you
The walls spinnin' into dust
Hit the floor
3,2,1 I'm gone out of control Hush, hush, you're sayin too much
Just shut up, shut up, and love me up
Hush, hush, there's no need to rush
I just wanna touch one last time
Before you go, and I blackout
And I blackout, and I blackout
And I blackout Wait, I am feelin good today
Don't mess it up
You keep getting in the way
Of my livin' up
Don't look at me like you
Think I'm insane
Step aside or you'll see me
Really crazy You reached for the door
I said no don't go
You talk real slow
But I can't hear you
The walls spinnin' into dust
Hit the floor
3,2,1 I'm gone out of control Hush, hush, you're sayin' too much
Just shut up, shut up, and love me up
Hush, hush, there's no need to rush
I just wanna touch one last time
Before you go, and I blackout
And I blackout, and I blackout
And I blackout I open my eyes

I look at the floor
What have I done?
I'm not even sureHush, hush, you're sayin' too much
Just shut up, shut up, and love me up
Hush, hush, there's no need to rush
I just wanna touch one last time
Before you go, and I blackout
And I blackout, and I blackout
And I blackoutHush, hush, you're sayin too much
Just shut up, shut up, and love me up
Hush, hush, there's no need to rush
I just wanna touch one last time
Before you go, and I blackout
And I blackout, and I blackout
And I blackoutHush, hush, you're sayin too much
Just shut up, shut up, and love me up
Hush, hush, there's no need to rush
I just wanna touch one last time
Before you go, and I blackout
And I blackout, and I blackout
And I blackout
