

The Wound

The Sweetest Condition

You give it your all.
I bleed till it hurts.
We give and we take,
till our bodies shake.I will return.
All be revealedâ€”
the dark and the light,
the way that I feel.So close to God,
yet so far apart,
I found the wound
right into your heart.What changed in us?
What put us here?
The pain we serve
cuts like a mirror.Oh. Oh. ... Oh. Oh.
Oh, Oh, Oh, Oh.
Oh, Oh, Oh, Oh.I will return.
All be revealedâ€”
the dark and the light,
the way that I feel.So close to God,
yet so far apart,
I found the wound
right into your heart.I will return....
All be revealedâ€”
the dark and the light,
this pain that I feel!So close to God,
yet so far apart,
I found the wound
right into your heart.
