

Emergency

Nuclear Assault

Alcohol and pills, a night with some thrills
Go out with my friends and leave a good will
Some smoke and some buff, now I'm so tough
My ignorant habit gets deeper and deeper
I'm Batman, I'm Robin, I'm Bonnie & Clyde
For truth and justice, the American way
Now I've become what I wanted to be
But I can't face realityEmergency [2x]I've come a long way, do you hear what I say
There's no need to bother with an education
My school grades are dropping and I've lost my job
The pain in my soul gets weaker and weaker
The party has started it's Saturday night
Time to stretch my imagination
The darkness of night, a bright flashing light
There's no turning back, it's time to dieEmergency [4x]
