# She Be Like (Bom Bom Bom) (Explicit Version)

## Git Fresh

If you drink I'mma pay shorty
Fuck with me tonight
He aint paying you aint staying
Tell em where dey do dat at
Baby I'mma beat it up

Like bom bom bom bom first round
Like bom bom bom bom second round
Like bing bing bing bing third round
Like ding ding ding it's going down

You know I Met Her last night up in club living room
Now im tryna Get Her Up in my living room
OOOHH!
Im tryna get her wet really
Then call a cab tell em pick us up at wet willys
OOOHH!
We ride through the city
She doing tricks for me like she work for magic city
Say she from the A but she from Carol City
Lieing cause i be in vip at club miami
we be poping all them bottles
Lookin like a million bucks
Pulling up in all dem trucks
now she begging me to cut
Saying that she ready all on me in the club
and its the main event and man i wanna beat it up

Like bom bom bom bom first round
Like bom bom bom bom second round
Like bing bing bing bing third round
Like ding ding ding it's going down

If you drink I'mma pay shorty
Fuck with me tonight
He aint paying you aint staying
Tell em where dey do dat at
Baby I'mma beat it up

Like bom bom bom bom first round

Like bom bom bom bom second round
Like bing bing bing bing third round
Like ding ding ding it's going down

She be like
Im all in her head like
Cause she be like she be like she be like

You know I Met Her last night up in club living room
